1% for Culture Campaign: sign the manifesto

CUMEDIAE, as an active member of [Culture Action Europe](#), supports its call for ensuring that a proper financial support for culture, the arts and heritage is allocated through the next multiannual financial framework that takes effect after 2020.

"Spending 1% on culture in every budget line will provide a sustainable quality of life both in our cities and in our countryside and will serve to creating a more integrated society." Culture Action Europe Manifesto, 2018.

To make our arguments stronger, we would like to encourage as many people as possible to support the [1% for Culture Campaign](#) and to [sign the manifesto](#).
