During the 27-30 September [CUMEDIAE's](#) team attended the 25th ENCATC Congress in Brussels. We congratulate the team on its success and we are proud to have been a part of it as an official media partner. Through our platform [Culture Agora](#) and our communications channels, we contributed in raising awareness, as well as taking care of ENCATC's social media content curation during the days of the event.

Under the title, *“Click, Connect and Collaborate! New directions in sustaining cultural networks”*, this year's Congress focused on the value of networks and their sustainability. It was also a great opportunity to reflect the evolution of the cultural management and policy discipline over the past 25 years.

Want to know more about the event? We will soon update [CUMEDIAE's](#) website, [Twitter](#) and [Facebook](#) channels with pictures of the best moments at the event.
