CUMEDIAE and Culture Action Europe towards a Union with "new opportunities for cultural and social development"

CUMEDIAE, as an active member of Culture Action Europe, supports its call for strengthening synergies between education and culture ensuring that a proper financial support for culture, the arts and heritage is allocated through the next multiannual financial framework, maintaining a balance amount funding mechanisms and designing a new European agenda for culture.

The drafting session in response to the Commission's Communication on "Strengthening Europe an Identity through Education and Culture" took place on the 7th of December at the European Culture Forum in Milan and counted with the participation of several members of Culture Action Europe. It was an inspiring moment of unity in which the cultural sector expressed its determination to work together with European institutions to transform Europe into a space where all citizens feel united in diversity.

CUMEDIAE Internship Program: "I have been challenged in every way"

Our former intern Karina Jull, a Danish student from Herning, majoring in Digital Concept Development, shares a letter about her experience at CUMEDIAE. Thank you, Karina, for your kind words. **#teamCUMEDIAE** will miss you a lot!

"My concerns were put to shame immediately. I have been challenged in every way, but in the best way. Everything I've had my hands on during my internship has been different, hard and interesting. I've been given the opportunity to shape my stay and my working areas, I've been encouraged to challenge the everyday life here and leave my handprint".
